Republic of Croatia

area: 87,609 sq. km
population: 4,290,612 inh.
capital: Zagreb (792,875 inh.)

Industrial centres: Zagreb, Osijek, Split, Rijeka, Karlovac, Skoje

The city of KARLOVAC was founded on July 13th 1579 in the valley of river Kupa, 45 km southwest of Zagreb.

Karlovac is a very strong industrial and traffic centre with some 60,000 inhabitants and special developed and longstanding tradition in mechanical engineering, metal, food and printing industries. Its eminently favourable geographic position and excellent highway connections to all major European cities make it an excellent site for doing business.

Projects:
- Joint venture in production - market expansion
- IT storage investment
- data center
- server farm, etc.
- CNC technology and new materials investments
- Adriatic sea capacity
- Selling programs separately
- 5000 m² arranged production space in Karlovac
- area 10000 m²
